Maryland's Panel Leadership Committee

The Panel Leadership Committee provides an avenue for communication between the local panels, the Citizens Review Board for Children and the State Board. It is utilized to share ideas, develop and assess tools used to evaluate the system, schedule training and to plan public outreach. The Panel Leadership Committee consists of panel chairs and state delegates meeting twice a year. They hold regional meetings in April and a statewide meeting in October. In October they select their state chair for the statewide meeting and regional chairs for their regional meetings.

In 2003 Nancy Weber was the elected chair of the statewide Leadership Committee and Central Maryland; Mildred Stewart (Prince George's) will chair Southern Maryland's meeting, Richard Goldstein (Talbot) will chair Eastern Shore meeting, and William Christoffel (Washington) will chair Western Maryland.

Board Chairpersons are encouraged to attend Leadership meetings.
